

CELERANT CONSULTING NOW HAS A HEAVYWEIGHT STRATEGIC PARTNER

Celerant Capital is an operationally oriented Private Equity firm focused on acquiring and managing established, mid-market companies with revenues of \$50m - \$500m across a broad range of industries.

The company is managed by a highly experienced deal team with a successful track record. The Managing Partners have invested in over 100 companies across various market cycles.

Working with owners, corporations and other PE firms Celerant Capital partners with Management teams to improve operational and financial performance and provides the market expertise to deliver rapid growth through M&A and global expansion.

Celerant Capital has just completed its first transaction - an ownership position in SDI, a company that is at the forefront of maintenance, repair and operations integrated supply services.

CELERANT CAPITAL NOW HAS A HEAVYWEIGHT STRATEGIC PARTNER

Celerant Consulting is one of the world's Top 5 Best Positioned Operational Management Consulting firms* with a core focus on Performance Improvement & Behavioural Change.

The company has over 650 team members with offices in 13 countries and implements customised solutions that capitalise on existing systems, processes and people to deliver substantial benefits for Clients.

Celerant Consulting's strategic partnership with Celerant Capital is a major differentiator and a huge advantage because it provides us with the expertise and scale to dramatically improve the operational and financial performance of our portfolio companies.

Celerant Consulting is now actively involved with Celerant Capital in the SDI investment.
